What our customers say! We have over 300 5* Reviews

Mrs McGrow

Firstly, we would like to thank Alex for making our wedding day perfect from start to finish. Not only is Alex a fantastic singer, he kept our guests engaged the whole time and we have received so much positive feedback. Alex supported our daughter in singing our first dance and he also provided us with a video memory of the entire day. Alex is so down to earth and easy to talk to. He will go out of his way to help if you need it. Do not look any further as Alex Birtwell is the bomb! You will not regret booking Alex for your wedding or any other occasion for that matter.

Mrs Hatfield

We can't thank you enough for all your hard work. You and your team did an amazing job. We were really looking forward to you being part of our special day but what you pulled out of the bag was far more incredible than either of us imagined. From singing me down the aisle to the very last song of the night you were bloody brilliant and a massive hit with all our guests. Thank you so so much.

Mrs Cochrane

Wow, where do I start. Alex is out of this world, he sang whilst I walked down the aisle, I was panicking about when to come in etc, he said don't worry that's my job and he sure did a perfect job. We had so many compliments on the day, he got all guests standing round him and made a point of asking if anyone had any requests, we got all the boys up singing and of course the girls had to have their go. He's not a singer that will sit in the corner and you not know he is there, he absolutely and as he should makes his presence clear, he is an amazing, talented singer that all your guests will be talking about. If you need a singer than look no further and book Alex, I guarantee he will make your day so special x

Mrs Taylor

Very soon after booking our wedding we booked Alex to play acoustic whilst I walked down the aisle and during our drinks reception. Alex was amazing from the moment we booked. His website is really professional and interactive which makes planning your entertainment really easy. During the consultation Alex made us feel extremely relaxed and excited about our day. So much so, we decided to cancel a separate band which we'd originally booked for the evening (loosing the deposit but worth every lost pound) in favour of Alex and his brother Lewis. Alex totally got our vision for our wedding and boy, did he and Lewis deliver!

Duo Packages

Alex works with his brother Lewis on vocals to form this very popular and lively duo act. The duo is based on Alex's same solo loopist act but also adds a new dimension with Lewis at the helm interacting and entertaining your guests with another layer of stunning vocals and harmonies.

Lewis is also an excellent DJ having organized and run many of his own popular music nights at leading bars and night clubs as well as being a named DJ for well established brands such as Ministry of Sound. Perfect for those who want a party a little less wedding cheese and more wine bar / night club themed. That being said we've worked on 100's of weddings and events so have a great experience of reading the crowd and choosing the right music to get your party started.

Add that extra sparkle!

Ceremony Performance

Alex has performed at 100's of wedding & civil ceremonies whether it is in a church as an alternative to the traditional organist or at the wedding venue itself. Alex has also performed at many outdoor ceremonies.

Having live music as part of the ceremony really adds that extra sparkle to an already special moment. Imagine your guests entering the ceremony room and being seated to the music that not only suits the occasion but has been carefully selected and chosen by yourselves. When a live musician performs for your bridal entrance, it not only gives you a unique sound but also takes away the worry of timing yourself or the awkwardness of a faded CD mid chorus. Alex will not only learn an arrangement of your chosen song if not listed, he'll also record a demo for you to approve. Because of the emotion involved in the moment, the last thing you will want to worry about is timing yourself. With the aisle walk Alex can gauge when you enter the room and make sure the key point of the song ends gracefully as you arrive at the bottom of the aisle ready to say your "I Do's".

A usual church or civil wedding service requires a total of 8 songs.

This includes:

- 4-5 songs whilst's the guests are seated before the brides arrival
- 1 song for the bridal party entry (aisle walk)
- upto 2 songs for the signing of the registrar
- 1 more upbeat song for the bridal party exit

AVAILABLE WITH ANY DAYTIME PACKAGE * taking place at the same venue
